

HAMLIN, TEXAS, APRIL 10 NINETEEN HUNDRED
FRIDAY, AND FIFTY-THREE

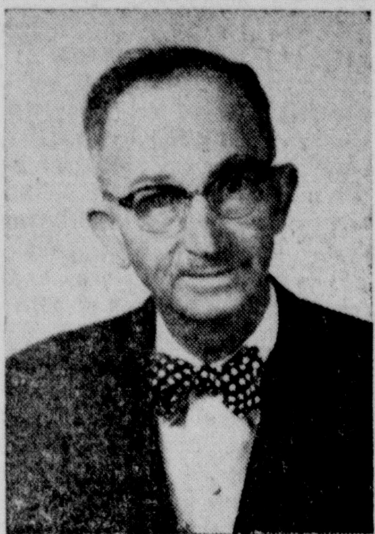

ISSUE 23
NUMBER 23

Jake Lawson Made Prexy by Firemen

Local Firemen Fail to Place in Annual Contests

Jake Lawson, local manager at Hamlin for the Lone Star Gas Company, was elected president of the Midwest Texas Firemen's Association Thursday at the twenty-ninth semi-annual meeting of the organization held at Haskell.

NEW PRESIDENT of Hamlin Lions Club for the new year beginning July 1 is C. C. Bailey (above), department store operator. He was named, along with other officers in the annual balloting of the club, which was tabulated Tuesday at the regular weekly luncheon of the club. He will succeed Claude Lancaster.

Quarter of Inch Rain Sunday Helps Area Grains Little

Rainfall at Hamlin climbed to 2.71 inches for the year 1953 after a quarter of an inch of moisture was received late Sunday afternoon. As usual, other areas around the official gauge at the city pump station near the Santa Fe depot reported heavier precipitation.

However, the rainfall that did come was welcomed by the farmers and ranchers of the area. It provided a weak respite for the wheat farmers of the section who have thousands of acres of the grain that had greened up beautifully following the March 9 rainfall of .61 of an inch and the March 16 rain of .53 of an inch. The grains are needed further moisture right away unless it is to suffer set-backs, growers declare.

The Sunday precipitation was the first to fall in the area this month so far. January had reported only a trace, according to Bill Rountree, in charge of the government gauge at the pump station. February recorded .88 of an inch, and March's rainfall had totaled 1.58 inches.

Woman of Year to Be Named at CC Banquet April 21

A special feature of the annual Hamlin Chamber of Commerce annual membership banquet, slated Tuesday evening, April 21 at the Elementary School gymnasium, will be announcement of Hamlin's Woman of Distinction for this year.

President C. L. Howard of the CC announces that entries for the honor are now in the hands of a local committee which will make the nomination. The Woman of Distinction plan is being sponsored on a state-wide basis by the Corpus Christi Chamber of Commerce.

Rev. Sterling Price, pastor of the University Baptist Church at Abilene, will be the featured speaker for the banquet. Other entertainment is being planned by the program committee, headed by John C. Bryant.

Retiring President Clyde Grice of the Hamlin CC will preside at the banquet.

Advance tickets for the banquet will be put on sale within a few days by the arrangements committee. Tickets will be \$2, it is announced. Festivities are scheduled to get underway at 7:30 o'clock.

5,000 Acre Feet of Water in New Lake

About 5,000 acre feet of water already has been caught in the recently-completed Stamford Lake 15 miles northwest of Stamford, according to Jim Nichols, engineer for the firm of Freese & Nichols of Fort Worth.

Water from Stamford Lake is destined to relieve the city water shortage for Stamford and Hamlin. Work on the pipeline from Stamford to Hamlin is scheduled to get underway within a few days. Water may be available this summer from the lake.

Crawford and Willingham, Spencer and Hudson Win

Only 17 Votes Cast to Name Two School Trustees

Onis Crawford, Hamlin department store operator, and Tarlton Willingham, farmer and rancher, were named to the school board of the Hamlin Consolidated Independent School District Saturday in what was described by some as the slowest election held in Hamlin in many years. Only 17 votes were cast by voters of the 150-square-mile district.

Both the men received the entire 17 votes as no contests for the two places appeared—which accounted for the lack of interest by voters.

Crawford is a new member of the school board. Willingham has been on the board for two years. The terms of the newly elected members run for two years.

Hold-over members of the Hamlin school board are Eddie Jay, Fred B. Moore Jr., Noel Weaver, LaFoy Patterson and Edward Dodd.

Program Tonight By Colored Choir To Provide Robes

Purchase of robes for the DePriest Colored School's 12-voice Choral Club will be made possible by funds raised this (Friday) evening at the Hamlin High School auditorium when the group will be presented in their first public appearance under sponsorship of the Fifty-Two Study Club.

The choral club will present a complete program of numbers that will feature popular songs, classical numbers and spirituals by the group, as well as solos and readings by members of the troupe. Mrs. G. L. Tyiska is director of the choral club. The program will get underway at 8:00 o'clock.

Complete program for the evening follows:

- I. "Send Out Thy Light" — Gounod
- "Adrianus Te" — Palestrina
- "Sanctus" — Gounod
- "Battle Hymn of the Republic" — Ringwald
- Reading, "Creation" — William Brown
- II. "Life Thine Eyes" — Mendelssohn
- "Ole Ark & a Moving" — Cain
- "Blue Tango" — Anderson
- "Mah Lindy Lou" — Strickland
- Piano Solo, "Largo" — Joanne Logan
- III. "Listen to the Lambs" — Delt
- "Chillun Come on Home" — Cain
- "Ain't That Good News" — Dawson
- "Set Down, Servant" — Shaw
- Vocal Solo, "Honor, Honor" — Vinita Mayfield
- IV. "The World Is Waiting" — Selts
- "Summer Time" — Gershwin
- "Cindy" — Wilson
- "Scotland's Burnin'" — Air

Members of the Fifty-Two Study Club will act as ushers and receive donations.

WHAT'S A DINGO? HERE ARE TWO!—Fort Worth's Forest Park Zoo's dingo couple had twin puppies some time ago, as this photo shows. A dingo is a wild Australian dog, but Dora and Dad Dingo were born in captivity, in the Philadelphia Zoo two years ago. Unlike dogs, dingos cannot bark, but they can whine and yowl. Zoo Director Ham Hittson did not plan to keep the new dingos. They are worth money to the zoo, perhaps \$150. each.

T & P Passes Up Oil Producer in Test

What a drilling concern does with a good producing oil well when its contract says it cannot be developed poses a problem for oil operators in the field west of Hamlin.

Texas & Pacific Coal & Oil Company, holding a contract for production below 5,000 feet on a farm-out from General Crude, hit a good show of oil around 3,400 feet last week in its No. 1 R. A. Bowdry, five miles northwest of Hamlin. But it had to pass up the show and this week was drilling around 4,200 feet. T-P's contract calls for a 6,300-foot test of the Strawn and Ellenburger sands. Site it in the northeast corner of Section 214, B. B. & C. Railway Company Survey.

Several good lease deals have been consummated the last few days on the strength of the showings in the Bowdry well, it is reported.

T. & P. Coal & Oil Company has spotted a 5,600-foot test in the east half of the east half of

Section 6, W. E. Richardson Survey, about seven miles southwest of Hamlin. Operations are slated to begin this week-end.

Duffy Drilling Company of Abilene has spotted a test four miles southwest of Hamlin on the J. C. George estate. Slated for 5,600 feet, the location is in Section 6, Sally English Survey.

Johnson Drilling Company was down 2,800 feet Wednesday on its No. 1 Tom Holman test, two miles west of Hamlin. Contract calls for a 4,500-foot well to the Canyon strata.

R. & R. Drilling Company of Abilene completed its No. 1 W. F. Martin Flippin Lime well 11 miles northwest of Hamlin, for a fair producer. It was put on pump at 3,268-3,302 feet.

D. & R. Drilling Company's No. 2 W. F. Martin, which is half a mile southwest of the No. 1, was drilling ahead about 3,800 feet with little show. It is contracted for 5,600 feet.

Hamlin Voters Cast 127 Ballots For Aldermen

With voting running about as predicted last week, voters of the city of Hamlin cast only 127 ballots in the Tuesday city election that named two members of the City Council for two-year terms. This vote was in contrast to the record vote of 642 cast in last year's city election, when three women were on the ballot for the three vacant aldermen places. Two of the women were elected.

In Tuesday's voting A. Spencer, Hamlin lumber yard manager, was named as a new member of the city governing group. Also re-elected was Arthur Hudson, who is now serving his first term.

Spencer received 101 votes to lead the ticket. Hudson polled 78 votes; Louie J. Cunningham, laboratory technician at Hamlin Memorial Hospital, received 66 votes. O. D. Roland, present member of the council, received one write-in vote.

The new aldermen will be installed at the regular April 21 meeting of the City Council, it was announced by Mayor B. M. Brundage.

Hold-over aldermen are J. B. Terrell Jr., Mrs. L. L. Cowan and Miss Pearl Hudson.

Elzy Bennett Quits Tax Collector Post For Bank Position

Elzy Bennett is going back into the banking business after serving more than five years as Jones County tax assessor-collector.

The First National Bank of Anson has announced the appointment of Bennett as assistant cashier of the institution. He will assume his new position April 15. Bennett first was employed by the Anson bank in 1938, shortly after finishing Anson High School. He worked there until 1942, when he resigned to enter military service. He saw duty in the Army Air Force until 1946.

After leaving the service he farmed one year near Anson and began campaigning for the office of county tax assessor. He was elected to office and has served in that capacity until accepting the position with the bank.

A successor to Bennett in the county office will be named by the county Commissioners Court.

Singers Meet Sunday At Foursquare Church

Foursquare Gospel Church, corner of Southwest Avenue D and Southwest First Street, will be host Sunday afternoon to singers of this area, according to church leaders.

Singing will get underway at 2:30 o'clock. The public is invited to attend.

Three newcomers—all girls—have been reported at Hamlin Memorial Hospital since last report in The Herald. They are:

A girl for Mr. and Mrs. L. O. Eagan, who arrived March 28 at 3:10 p. m. Weighing seven pounds eight ounces, she has been named Linda Sue.

A girl for Mr. and Mrs. Diamond Anderson, who was born April 1 at 10:50 p. m. She has been named Linda Jo. She tipped the scales at eight pounds two ounces at birth.

A girl for Mr. and Mrs. Willie Bogle, who arrived April 4 at 4:27 p. m. Weighing seven pounds eight ounces, she will answer to Sonja Sue.

CHUCK ABBOTT, who admits a worsening case of golfphobia, was conversing the other day with a friend of the same ilk from Anson. Their conversation got around to a mutual acquaintance of Squeedunk.

"I suppose you heard poor old Dick killed his wife?"

"No! How?"

"With a golf club."

"How many strokes did it take?"

WITH THE COMING soon of graduation from college and high school of scores of young men, that eternal problem of leaving home for jobs faces families. The counsel of a father to his son is important, and this poem by Douglas Malloch probably says it better than most dads would say it, anyway:

My son, you'll soon be leaving,
As youngster often do;
Your mother will be grieving,
Your dad will miss you, too.
You'll never find a fonder
Or better home than here,
But youngsters like to wander
The springtime of the year.

Temptation will surround you
To lead you into wrong;
But, from the way I've found you
I know you'll get along.
I know, somehow or other,
Because you always had
A whole lot of your mother
And a little of your dad.

A queer old world awaits you
Out there beyond the hill—
A world that loves you, hates you,
That gives you good and ill.
Be humble in your riches,
Be glad without a cent;
The roses in the ditches
Bloom on, and are content.

Though other men have money
(And money helps a lot),
You've got a fortune, Sonny,
Some others haven't got;
You've got a wealth, another
That ought to make you glad—
A whole lot of your mother
And a little of your dad.

There's lots of mother in you—
I've seen it day by day;
Temptation will not win you
Nor lead you far astray.
In every tangled byway
The mother will arise
And help you find the highway—
I see it in your eyes.

And so I'll never worry,
Wherever you may go,
However you may hurry,
Whatever you may know;
A boy, somehow or other,
Won't turn out very bad
With a whole lot of his mother—
And a little of his dad!

DUB BURGESS was filling the gas tank of a traveler from another state the other day at his service station.

"Say, it's really dry around here, isn't it? When did it rain last?" the visitor inquired.

Dub thought awhile then asked a question:

"Do you remember the story in the Bible about the flood?" he asked.

"Of course," said the visitor.

"Well, we got a half inch then," remarked Dub.

POINT OF VIEW means a lot in a person's outlook on life and people and attitudes and impressions. For example:

A traveler nearing a city asked a man what the people were like in the city.

"How were they in the city from which you came?"

"A terrible lot," said the traveler derisively.

"You will find them the same in the city ahead."

The first traveler had hardly passed when a second stopped and asked the man about the people in the city he saw ahead. Again the old man said, "How were they in the city from which you have just come?"

"They were fine, generous people," said the traveler. "I was sorry to leave."

"You will find them the same in the city ahead," replied the old man.

Howard Bybee to Tell of Work of Churches in Italy

Howard Bybee, evangelist of the Church of Christ in Italy, who recently was imprisoned by Italian police, will speak at the Hamlin Church of Christ Monday evening at 7:30 o'clock, it is announced by Warder K. Novak, local minister. Bybee has been preaching in Milan and Padova, Italy, for the past three years, and recently returned to this country for medical attention. He is making a tour of the Churches of Christ in Texas and Oklahoma, informing them of the developments in that country.

Bybee is the missionary which Associated Press dispatches last September noted was placed in jail for peaceably insisting upon entering the church building of the Church of Christ in Rome for worship. He was released a few hours later.

It is his purpose in his lecture to point out the facts connected with the closing of various Protestant churches and the effects of the persecution on the spread of the gospel and the door of opportunity open there now because of the people's economic dependence upon freedom-loving America. He will also about 40 minutes of color movies of the work of the church in Italy, among which are some shots of the police guarding the Church of Christ building to keep out worshippers.

Novak says the public is invited to attend the services.

County Agent Estimates 1953 Cotton Acreage to Be Cut to 200,000 This Year

Jones County cotton farmers are planning to put decreased acreages in cotton this season, believes County Agent Bill Lehnberg, as he estimates the acreage for 1953 at 200,000 acres.

Farmers of the county last year seeded 225,000 acres to cotton. However, thousands of acres of that amount never saw a cotton sack due to the severe drought experienced by the growers. Only slightly more than 5,000 bales of

cotton were ginned from the 1953 crop.

Probably much of the decrease in acreage seeded to cotton for the coming season has been projected by the cotton raisers by the urgings from the federal government to cut down on production because of the large carry-over of the fleece from previous years. While much of West Texas last year harvested far below a normal cotton crop, irrigated sections of West Texas harvested unusually high crops, and the rest of the Cotton Belt of the south and Southwest reported normal crops.

In a recent tabulation made by The Abilene Reporter-News of estimated cotton acreages taken from reports received from county agents, the following area counties were included:

County—	1952	1953 Est.
Coleman	90,000	60,000
Haskell	180,000	170,000
Nolan	75,000	80,000
Fisher	140,000	155,000
Coke	50,000	30,000
Knox	120,000	120,000
Mitchell	120,000	100,000
Runnels	160,000	150,000
Stephens	4,500	3,500
Jones	225,000	200,000
Scurry	160,000	155,000
Taylor	60,000	50,000
Totals	1,334,500	1,273,500

Pre-School Visitation Day Set for April 17

A pre-school visitation day for all beginners for another school year in the Hamlin Consolidated Independent School District has been set for Friday, April 17, according to school officials.

All children who will be in the first grade next year are invited to visit the new Primary School from 8:30 to 1:30, along with their mothers.

The children will need to bring 30 cents to eat in the school cafeteria, announces Mrs. Fred B. Smith, primary school principal. They will also need to bring their birth certificates in order to be registered for next year.

The visitation is an annual plan of the local schools to acquaint pre-school age children with the school's facilities and methods.

THE HAMLIN HERALD

Six Months in advance \$1.50
Elsewhere:
One Year in advance \$3.00
Six Months in advance \$1.75

WHAT DOES OUR HOME TOWN NEED?

The question before every prosperous, civic minded community is, "What does our home town need? How can we best prepare it for the boundless future ahead?" These are questions of vital community concern, and to find the answer the community looks to its civic organizations for inspiration and direction.

We talk a great deal about production, and expanding business, and creating jobs, but we sometimes overlook many primary things that give real meaning to life and without which material prosperity amounts to little. We sometimes forget that people must be healthy and happy and strong in order to work and succeed, and to enjoy the fruits of their success. That is why Hamlin's citizens should first of all so plan the improvement of our community as to make it more healthful, more attractive, more interesting to live in.

We are fortunate to have the most modern water and sewer facilities (even though our water supply is at present inadequate because of the fault of nobody). A sanitation program means weed and pest eradication, and the elimination of all possible sources of contamination. It means clean streets and alleys, clean back yards and front lots—in a word, a clean town.

We speak enthusiastically of the future, but in order to realize the promises we must give careful attention to the physical development, mental training and moral education of our youth, to prepare them for constructive citizenship. How adequate are the local schools, and how good the school system? How comprehensive are the courses, and how efficient the faculty? How can moral standards be raised and delinquency reduced? What are the recreation facilities? Does the community need more playgrounds, a swimming pool, a gymnasium, a Youth Center? These are the things that will be needed to develop a generation capable of assuming the responsibilities of tomorrow's world.

People thrive best and work best in pleasant surroundings, so let's take a good look at our home town from that angle. What can be done to enhance its attractiveness? Does it need more or better-kept parks, more tree planting, gardens, picnic spots? Does it need building modernization, paint application, eye-sore removals, street repairs, maybe a general overhaul? Does it need paving, sidewalks, curbs and gutters? If we will try to see the community the way the first-time visitor sees it, we will undoubtedly become aware of many improvements that could be initiated?

The Home Town Paper

Forgive us if this bores you, for like a columnist in The Texas Coaster at Richmond, who picked up a ditty from The Eagle Lake Headlight, it is not often that we wax poetical, but this piece we could not resist:

My father says the paper he reads ain't put up right;
He finds a lot of fault, he does, perusin' it at night
He says there ain't a single thing in it worth while to read,
And that it doesn't print the kind of stuff that people need.
He tosses it aside and says it's strictly on the bum,
But you ought to hear him holler when the paper doesn't come.

He reads about the weddings and sports like all get out,
He reads about the social doings with a most derisive snort;
He says they make the paper for the women folk alone—
He'll read about the parties and fume and fret and groan.

He says of information it doesn't have a crumb,
But you ought to hear him holler when the paper doesn't come.

He's always first to grab it and read it plumb clean through;
He doesn't miss an item or a want ad, this is true.

He says they don't know what we want, the darn newspaper guys—
I'm gonna take a day some time and go and put 'em wise.

At times it seems as though they must be blind, deaf and dumb,
But you ought to hear him holler when the paper doesn't come!

Isn't It the Truth?

A business may spread itself over the whole world and may employ a hundred thousand men, but the average person will usually form his judgment of that business through his contact with one individual. If this person is rude or inefficient, it will take a lot of kindness and efficiency to overcome that bad impression.

Man: The only animal ingenious enough to blow himself to pieces with atoms.—Wall Street Journal.

Isn't Spring Wonderful?

This sunny weather is wonderful, isn't it? Spring fever is catching up to a lot of us—when you find yourself looking out the window with a vacant stare, wistfully watching the birds hopping and flying around—noticing the buds popping forth from bare limbs—your mind conjecturing up mental pictures of the fish that got away last year, the reel you haven't yet had time to fix, the hooks that need sharpening, the motor that needs a quick going-over, the garden that needs digging, the seeds that must be planted, the lawn furniture that needs cleaning and setting up, the car that needs polishing—brother, spring fever isn't catching up to you: it's passed you like a jet fighter!

Just like an old bear coming out of hibernation—didn't do anything all winter—got to get outside and get those kinks out of the old body, but it's going to take a little relaxing first—have to take a little time to think of the things that must be done—sort of need to list everything—spring is here, fellows— isn't it wonderful!

Editorial of the Week

STATE EXPENDITURES

In view of the heavy federal tax burden any mention of additional state and local taxes sends shivers down the spine of John Q. Public. But if we keep state's rights, upon which many of us contend our government rests, we must pay the bill for the benefits sponsored under such a government.

For example, if we do not want the federal government to finance our educational program, we must pay for an adequate school system at home. And if we keep control of our schools, we must handle the problem from state level. And, if we do not want socialized medicine, we must provide adequate state health service. Other similar problems must be met the same way. Otherwise, these things will be provided at an enormously increased cost by the federal government with control by federal instead of state authorities.

The Texas Legislature is wrestling with this same problem now. Fortunately, the lawmakers are limited by our constitution to a "pay-as-you-go" policy. In plain words, if they appropriate money for a project, they must also provide a place to get the funds.

Before we kick too much about local and state taxes, we should remember that these taxes are purchasing our freedom from centralized, bureaucratic rule. It is one way to make possible a reduction of federal taxes.—Hamilton Herald-News.

RECALLING Other Years

☆ Being news items taken from old files of Your Home Town Newspaper The Herald

TWENTY YEARS AGO.

The following news briefs are reprinted from the issue of The Hamlin Herald dated April 7, 1933:

York's Variety Store advertised the following prices: Silver washboard, 15 cents; men's broadcloth shorts, 25 cents; full-fashioned ladies' hose, 49 cents pair.

Charley Abbott, a professional baseball player, has been named manager of the Hamlin baseball club.

Bert Wheeler and Robert Woolsey, football's greatest drawbacks, will be featured in "Hold 'Em, Jail," a picture at the Ritz Theater Sunday, Monday and Tuesday.

J. W. Ezell was down in the McCauley section this week and his attention was called to a cow that boosted the herd of J. H. Bonner by the birth of three nice calves.

W. J. Bryant and Fred E. Moore were elected as new aldermen in the city election last Tuesday. Also on the ticket were Tom Holman and John Ed Day.

TEN YEARS AGO.

Reprinted from the issue of The Hamlin Herald dated April 9, 1943, are the following items of interest:

Mrs. Art Carmichael and Mrs. Henry Albritton attended the meeting of the First District of Texas Federated Clubs which convened at Mineral Wells Tuesday and Wednesday of this week.

Rev. and Mrs. J. E. Harrell, Mrs. C. P. Yates and Mrs. G. R. Bennett attended the annual conference of the Woman's Society of Christian Service which was held this week at Lubbock.

Only 30 votes were cast in the school trustee election Saturday, when Dick Low and Herman McBride were elected. Thirty-five ballots were cast in the Tuesday city election, when B. B. Colwell and R. H. McCurdy were named as city aldermen.

Ralph Dean, clerk in the Southern Pacific Railway depot at Hondo for several months, visited with his parents, Mr. and Mrs. W. H. Dean, here last week-end.

FIVE YEARS AGO.

The following news briefs are taken from the issue of The Hamlin Herald dated April 9, 1948:

Right-of-way has been obtained for the new farm-to-market road from a point southeast of Hamlin six miles south to Nienda.

Hamlin Cardinals, representing Hamlin in the newly formed Double Mountain Baseball League, won their first matched game over Trent Sunday afternoon by a 13 to 8 score.

B. M. Brundage, Arlie Cassle and Clyde Huff were elected as members of the City Council in Tuesday city election. Holly Toler was unopposed in his race for reelection as mayor.

More than 400 citizens of the area attended the annual banquet of the Hamlin Chamber of Commerce Tuesday evening at the high school cafeteria.

T. C. Blankenship, vocational agriculture instructor at Hamlin High School, will take three Future Farmers of America judging teams to Stephenville to participate in regional judging contests. Teams for poultry, livestock and dairy judging will be taken on the trip.

ONE YEAR AGO.

From the issue of The Hamlin Herald dated April 4, 1952, the following news briefs are reproduced:

Another meeting to discuss proposals to endeavor to make it rain in the section have been set for Jones County. Only about one-fourth of the county farmers and ranchers participated in the recent county-wide election on the rain-making idea, according to County Agent Bill Lehmberg.

Ground was broken Friday on the new post office building for Hamlin, to be erected by Stanley and Art Carmichael at the corner of Southwest Third Street and Southwest Avenue A. The building will be ready for occupancy within 60 days, the builders say.

Mrs. L. L. Cowan and Miss Pearl Hudson were elected to places on the Hamlin City Council in the city election Tuesday. J. B. Terrell Jr. was reelected. Parking meters were retained in the record-breaking vote turn-out.

SIGNIFICANCE.

Page—"I found a horseshoe this morning."
Squire—"And what does that mean?"

Page—"It means that some horse is running around in his stocking feet."

Club Cattle and Sheep Top Markets as Prices Remain Steady in Face of Run

Cattle sold at mostly steady prices at Fort Worth Monday, reports Ted Gouldy, special market reporter, in his weekly release to The Herald. He continues:

Trade was rather slow on fed beef cattle and large offerings were reported around the major marketing circle Monday. Calves drew fully steady prices. Stocker trade was active, and firm prices were paid for replacement stock. Fat yearlings topped at \$23.

Four-H and Future Farmers of America boys and girls from Dickens and Kent Counties had stock on the market and provided top prices for cattle at \$23 per 100 and top prices for the woolled lamb market at \$23.

Butcher hogs sold steady to 25 cents higher and topped at \$21.75. Sows drew unchanged prices and pigs were steady.

Slaughter classes of sheep and lambs cleared at steady to 50 cents higher prices. Stockers and feeders sold at steady prices. Choice spring lambs topped at \$24.50, and old crop woolled club lambs topped at \$23. Shorn old crop fat lambs topped at \$20.50.

Good and choice fed steers and yearlings ranged from \$20 to \$23, and common, plain and medium butcher sorts sold for \$13 to \$19.

Wayne Daniel Enters Intercollegiate Press Association Contests

Wayne Daniel, McMurry College student from Hamlin, is responsible for a large part of the Press Club's entries in the annual Texas Intercollegiate Press Association contests, declares a release from the Abilene school.

Daniel, son of Mr. and Mrs. J. B. Daniel of Hamlin, is editor of the War Whoop, college newspaper, which will be entered in the Class B division. This is the middle bracket of the association based on enrollment of the school.

Besides the War Whoop, Daniel has four entries in the individual contests. A poem, editorial, general column and news story were also selected for the contest.

In the same contests last year Daniel won first place with a poem in competition over entries from 25 other schools.

Mrs. D. W. Maberry Dies Friday at Daughter's Home

Funeral services for Mrs. D. W. Maberry, 86-year-old resident of the McCauley community, southwest of Hamlin, were conducted Saturday afternoon at McCauley Baptist Church. Officiating were Rev. C. E. Dietz of Lubbock, former McCauley pastor, and Warder K. Novak, Church of Christ minister of Hamlin.

Interment was in the McCauley Cemetery under the direction of Barrow Funeral Home of Hamlin.

Mrs. Maberry died at 1:10 a. m. Friday at the home of a daughter, Mrs. B. Fancher, at Lamesa. She was the sister-in-law of another Fisher County pioneer, Mrs. J. L. (Era) Maberry, '41, who died last Wednesday at Sweetwater.

Both women came with their husband to homestead near the townsite of Roby in the early 1880s before the town was formed. They moved several years later to the McCauley community. The two brothers helped to organize Fisher County.

Mrs. D. W. Maberry was born at Fort Smith, Arkansas, in 1867. Her husband died March 7, 1940. She had been in ill health for the past several years.

Surviving the octogenarian are two daughters, Mrs. B. Fancher of Lamesa and Mrs. Jim Pope of McCauley; five sons, George Maberry of McCauley, Bill Maberry of Lamesa, Charlie Maberry of Seagraves, Fred Maberry of Clovis, New Mexico, and Dick Maberry of Hamlin; two step-sons, Frank Maberry of McCauley and Pink Maberry of Sylvestre; 43 grandchildren, 56 great-grandchildren and five great-great-grandchildren.

Plans Complete for Spring Revival at Baptist Church

Plans were complete middle of the week for the eight-day spring revival meeting slated to begin Sunday morning at the First Baptist Church, according to Rev. Miles B. Hays, pastor. The meeting will continue through Sunday evening, April 19.

Dr. Otis Strickland, president of Decatur Baptist College, will do the preaching in the series of services, which will be conducted at 10:00 a. m. and 8:00 p. m. during the week. Morning services will be at 11:00 a. m. on Sundays. Dr. Strickland, a young, forceful minister of the state, will inspire and encourage his listeners, says Rev. Hays.

Kenneth Hill, regular musical director for the church, will lead the music at the evening services. Mrs. W. C. Russell will direct the singing in the mornings.

Prayer services are scheduled each evening before the preaching hour, Hays says. Schedules for these will be announced Sunday evening.

Nienda Community Cemetery Reworked

Nienda community's cemetery has been given a good working during the past several days, announces John R. Brown, chairman of the cemetery association, and people interested in the burial plot are invited to inspect the attractiveness of the place.

Rather than ask friends to meet and work the cemetery as in former years, the work was done on a contract basis, it is explained, and relatives and friends of those resting in the cemetery are asked to make donations to help pay for the work. Donations may be made to Lewis Boyd or John R. Brown.

HAMLIN HERALD

Congressman Omar Burleson Discusses Tidelands, Peace and Big Government

Texas tidelands are discussed at length in his weekly release from Washington, "As It Looks from Here," by Congressman Omar Burleson of Anson.

The House of Representatives again has passed the tidelands bill by an overwhelming majority. Those of us who have worked on this legislation for several years hope that the issue is going to be settled with the president's signature, although it is not all that we hoped it would be.

The House voted 285 to 108 to restore to the states tidelands within their "historic boundaries." For all states, other than Texas and a part of Florida, this means three miles. For Texas, it means 10 1/2 miles into the Gulf of Mexico. The bill as passed, and the one which will likely be laid before the president, is not as strong a bill as was passed by the House of Representatives last year. It is, however, all we could get. The measure, as brought to the floor from the committee, provided that the states would have taxing powers on oil produced outside the historic boundaries. The state, under the bill as drafted, would also have been allowed to apply its conservation laws and police authority seaward to the edge of the continental shelf. This provision was stricken out by an amendment offered by a member of Congress from New York. From all indications, this will be the measure placed on the president's desk, and there is no doubt that he will approve it when it reaches him.

The American people are so desirous of peace that we are inclined to become somewhat gullible toward overtures of cooperation from the Soviet Union. Within the last several days, a number of gestures have been made by the Russians which ordinarily might suggest a changing attitude. However, our hopes should not soar too high. In the past, we have seen numerous other overtures of this nature which we thought were genuine, only to go as sour as a two-day-old bucket of milk in the sunshine. We need to keep our eyes on the music and not begin playing the flyspecks instead. In other words, we can listen without complete skepticism, but in the meantime, keep our powder dry.

On Thursday, April 2, in a speech on the floor of the House of Representatives, I had this to say:

"If the press correctly reports the conference called by President Eisenhower with the mayors of big cities and certain local governmental leaders, he evidently must be rather disappointed, because they told him that they wanted the paternalistic attitude

of the federal government continued. "What does that mean? It means we will continue to have big government and big government will get bigger. There is no other result, and the big city mayors and these local government leaders still want the federal government to help in various projects which cost millions of dollars. Those millions can only be obtained by high taxes and the tax dollar has a way of losing its value from the time it is collected from the taxpayer until it is returned to pay for some local service. If local government would use that dollar without its round trip to Washington, more value would be received.

Of course, we all realize we have to have federal assistance for highways, for harbors, for airports and for a lot of those things which affect national defense, but local governments usually get as much from the federal government as they can, yet they want taxes and expenses reduced. The two just do not go together. So until the big city mayors and the local government leaders decide and agree that they should assume their own responsibility and pay for it, we are going to have big government."

I was gratified to see that the distinguished majority leader, Mr. Halleck, has introduced the bill, H. R. 4406, in line with the president's recommendation that a very careful study be given to the matter of federal-state-local government relationships. Until that is done; until our philosophies are changed and until greater dependence on ourselves is asserted, we will have big and bigger government in Washington.

I doubt if the attitude of the mayors of the big cities is encouraging to President Eisenhower.

It seems to me the basic fact to remember is that our freedom would be very limited if the United States were governed by only one national authority. In large measure, freedom is the product of local control over local affairs. The principle is established that the federal government assumes certain authority and control over that to which it contributes.

Club Girls of County To Give Preview of Dresses for Review

Four-H Club girls of the Hamlin area and the rest of Jones County will take their dresses to the office of Jimmie Lou Wainwright, county home demonstration agent, in the basement of the courthouse at Anson Saturday morning, April 11, at 9:00 o'clock. The dresses will be judged on the girls at this time by Miss S. C. Kinsey, county home demonstration agent from Roby, and Mrs. Tom Joyce Cunningham, county home demonstration agent from Breckenridge.

On Friday, April 17, the girls will have their dress review at 7:30 p. m. at the Anson High School auditorium.

Girls are expected to bring their dresses from Anson, Avoca, Hodges, Hawley, Noodle and Lueders, according to Miss Wainwright. The public is invited to attend the review to be held April 17.

A dollar may not go very far, but usually it travels far enough so that it never finds its way back.

Hamlin People to Attend County TB Association Meet

Several people from the Hamlin community are scheduled to be among those who attend the annual meeting of the Jones County Tuberculosis Association Tuesday of next week in the district court room of the courthouse at Anson. The meeting is scheduled at 7:30 o'clock, according to Joe Breed of Anson, president of the county organization.

Wesley Nail of Hamlin is vice president and Mrs. M. E. Wilson of Hamlin's campaign chairman for the annual TB Christmas seal drive.

Mrs. Joella Terrill Butler, president of the Wichita County Tuberculosis Association and past vice president of the board of directors of the Texas Tuberculosis Association, will be the guest speaker at the gathering.

A business woman of exceptional ability and a civic leader and worker, Mrs. Butler is constantly called upon for personal and philanthropic contributions. Somehow she finds time to handle all jobs. Her keen business acumen, her wizardry at finance, plus her love for humanity make her an invaluable member for any organization, says Breed.

Mrs. Butler's subject for the Jones County Tuberculosis Association meeting will be "Reminiscences and Predictions of a Volunteer Tuberculosis Worker."

W. L. Fletcher Jr. III of Abilene Christian College spent the week-end with his parents, Mr. and Mrs. W. L. Fletcher Jr.

TEXARKANA INFANT GETTING UP IN THE WORLD—Meet Don Butler, seven-month old son of the Jay Butlers who moved to Texarkana from De Queen about two months ago. For four months the baby has found pleasure in standing on his daddy's hand, balancing and performing other stunts uncommon to babies only one-fourth of a year old. Butler is an X-ray technician at Saint Michael's Hospital.

Weldon Townsend to Leave Soon for Korea

Visiting in the W. R. Townsend home in the Hittson community during the Easter holidays were Mr. and Mrs. S. E. Carnes and children of Ozona, Mr. and Mrs. J. T. Townsend and children of Denver City, Private and Mrs. Weldon R. Townsend of Camp Claiborne, Arkansas, and Clifton Townsend of Denver City. Private Townsend is slated to fly to Seattle, Washington, on Monday, from which point he will leave for Army duty in Korea.

Good Interest Shown In Baptist TU Course

Much interest has been manifested this week in the Training Union study course being conducted at the First Baptist Church, reports Carter Lyles, director. An enrollment of 217 was recorded at Tuesday evening's classes. Mrs. Joe Trussell of Houston is general director for the courses, which are being offered for all departments of the Training Union.

Office Supplies at the Herald

Camp Fire Girls Given Information On Annual Camp

Camp Fire Girls of the Hamlin region were being given information this week by district leaders about the annual Camp Wetexa camporee scheduled for this summer. Dates for the encampment are July 26 through August 1, according to R. L. McClung, Hamlin district leader.

Only 100 girls can be accommodated at this year's camp, which will be conducted at the Lueders Baptist Encampment Grounds on the Brazos River just east of the town of Lueders.

The camp will be for all Blue Birds, Camp Fire Girls and Horizon Girls who are members in Albany, Hamlin, Haskell, Rochester and Stamford, it is announced.

Cost for the regular members in the above towns will be \$3 for registration fee, 50 cents for insurance, and balance of \$7 due on arrival at camp. For any girl in the above towns who has been a member since July 1, 1951, but is not a registered member now, the cost will be \$3 for registration, 50 cents for insurance, and balance of \$8 on arrival at camp. For all other girls, ages seven to 17, the cost will be: \$5 for registration, 50 cents for insurance, and balance of \$13 on arrival at camp. Registrations are now being taken for the camp, and they will be closed on May 15, according to Elmore Smith of Stamford, district executive.

Bulletins giving complete particulars about the camp have been mailed to most girls, and others interested may secure the bulletins from Camp Fire Girl leaders.

Hamlin High School Artists Given Ribbons For Winning Awards

Three Hamlin High School artists were presented ribbon awards in special stage ceremonies at school assembly Tuesday morning for the signal recognition given their works of art several days ago at the District 6 convention of the Texas Federation of Women's Clubs.

The paintings of Dwain Rogers, Margaret LaBaume and Marylee Roland of Hamlin were given first, second and third places in district competition. They had been sponsored by the Fifty-Two Study Club, and were winners in local art exhibits several weeks ago.

Mrs. W. F. Martin Jr. of the Fifty-Two Club made the presentations in the Tuesday morning assembly on behalf of the club.

Paintings of the local artists will be entered in state competition at the state convention of the Texas Federation of Women's Clubs at Houston in November.

Area People Invited To Rodeo at Paducah

Jones and Fisher County residents will get a big Texan style welcome if they attend the eleventh annual Horse and Colt Show and Rodeo at Paducah next week-end, April 17 and 18, this year, according to a release to The Herald.

Entries from here and every county in the area are being solicited for judging events in the show sponsored by the Cattle-King Livestock and Rodeo Association.

The Herald's Page for Women

Program on Americanism Featured at Friday Meet of Fifty-Two Study Club

The country home of Mrs. Joe League was the setting for a meeting of the Fifty-Two Study Club Friday afternoon at 3:00 o'clock.

Mrs. Gene Westmoreland, co-hostess, greeted members at the door. Mrs. League presided at the tea table, which was covered with a chartreuse cloth centred with an arrangement of spring flowers. Lime punch, served from a crystal punch bowl, cookies, nuts and mints were served as the guests arrived.

Invocation was offered by Mrs. Fred B. Moore Jr. A program on "Americanism" was given by Mrs. Gene Witt, Mrs. Warder K. Novak and Mrs. Gerald Young, covering the subjects, "The Key to Better Living," by Mrs. Witt; "Yes, America Is Still Good" by Mrs. Novak; and "What I Believe" by Mrs. Young. All three stressed the importance of the bill of rights in our American form of government, reminding the club members of some of the things the bill of rights means to us, such as liberty, religious freedoms, truth, security, government by the people, and impartial judgment.

Mrs. Young closed her talk by giving excerpts from an essay which won first place in the state of Texas in 1952 on the subject,

Paul Fowler Jr. Weds In Rites at Denton

Dr. and Mrs. P. A. Fowler and Mr. and Mrs. Robert L. Fowler were in Denton last Friday to attend the wedding of their son and brother, Paul Fowler Jr., to Jo Hewlett of Shreve, Oklahoma.

The ceremony was read in the Little Chapel in the Woods, located on the campus of Texas State College for Women. The young couple will be at home at Port Arthur after a honeymoon.

"What the Bill of Rights Means to Me" by Jan Ann Lawson of Wilhita Falls, a high school student.

Miss Lawson summed up her essay by saying: "In short, the bill of rights stands for all the things in my life of which I am proud. It means that I may grow up and build my future without fear of injustice and live in a land where individual worth, liberty and integrity are respected. It means that I may stand forth among all peoples and nations of the earth, proud and unashamed of my heritage and my country."

Mrs. W. F. Martin, club delegate to the recent district convention of Texas Federation of Women's Clubs, thrilled club members with her report, listing the prizes and honorable mentions made by the Fifty-Two Study Club.

Mrs. Fred B. Moore Jr. was program director, and Mrs. Bob Nunley led the club collect in closing.

Present were Meses. Gerald Young, Cecil Sellars, Warder K. Novak, W. S. Seals, Bob Nunley, Charles N. Wade, Fred B. Moore Jr., Jack Richey, W. F. Martin Jr., Gene Witt, Wilson Brannon, Earl Smith, W. Wallace, B. O. Bell, Dean Witt, and the hostesses, Meses. Joe League and Gene Westmoreland.

New VFW Auxiliary Officers Installed at Thursday Gathering

New officers for the ensuing year were installed when members of the Ladies' Auxiliary of the Veterans of Foreign Wars met last Thursday evening at the VFW hut in Southeast Hamlin.

Mrs. Inell Huff, past president of the auxiliary, gave the obligations to the new officers.

President Zelma Perryman presided for the business session. It was announced that honor roll requirements were met for the month by donations to the cancer research fund, and a Gold Star Mother of the auxiliary matched the donation.

Following the officer installation ceremonies, Mrs. Huff presented a gold bracelet from the auxiliary to Zelma Perryman, retiring president. Mrs. Perryman in turn presented a white Bible to the auxiliary as a token of appreciation of the members during her tenure.

Next meeting of the auxiliary will be held April 16, with Beatrice Huling in the chair.

WINSOME INFANT PICKS WEALTHY PARENTS—This little 15 month old baby has been legally adopted by Tevis F. Morrow and his ex-actress wife of Santa Monica, California, who had wanted a child of their own for 18 years. They obtained Tevis Jr. from a state agency and he becomes heir to a \$20,000,000 fortune, founded in the Texas oilfields.

Woman's Literary Club Receives Thanks For Aid to Children

A letter of thanks from the Children's Welfare Fund for Austria was read when members of the Woman's Literary Club met in the home of Mrs. John D. Ferguson Friday afternoon. The local club had recently participated in contributions for the youngsters of that European country.

Mrs. Clyde Lewis led in reading the club collect. Mrs. Tarlton Willingham and Mrs. Henry Albritton announced final plans for the pilgrimage of new homes in Hamlin which was scheduled on Tuesday evening of this week.

Mrs. Willingham reviewed the life and works of Thomas B. Costin. Mrs. Art Carmichael reviewed "The Silver Chalice" by Costin.

Members attending the Friday meeting were Meses. Henry Albritton, Buren Carlton, Art Carmichael, Stanley Carmichael, H. O. Cassle, Thomas Ferguson, Clyde Grice, A. G. Irwin, Weldon Johnson, W. T. Johnson, Jim Howard King, Clyde Lewis, L. H. McBride, R. D. Moore, Bowen Pope, O. D. Roland, Bill Shira, Tarlton Willingham, M. T. Young, Tom Teague and the hostess.

Mr. and Mrs. Bob Tegart, Villa Rountree, Viola Johnson and Peggy McInturff attended a pioneer party of Northwestern Bell Telephone Company employees at Abilene Tuesday evening.

Fidelis S. S. Class Meets in Meyner Home Thursday Eve

Mrs. Fred B. Moore Jr., a guest, brought the devotional on "The Living Christ" when members of the Fidelis Sunday School Class of the First Baptist Church met Thursday evening in the home of Mrs. C. L. Meyner, 121 Southwest Fourth Street, with Meses. James Blanton and Tom Routh as co-hostesses.

Mrs. Virgil Steele, president, presided for a business session, and Mrs. Charlie Sellers led in prayer. The social hour was conducted by Mrs. Tate May, which featured a quiz on women of the Bible. Mrs. C. L. Meyner led in a quiz on men of the Bible.

Refreshments of cake and ice cream were served to the following attendants: Meses. Noble Watson and Fred B. Moore Jr., guests; Meses. Dan Branscum, Flora Carter, Hill Smith, E. G. Young, Tate May, Travis Hubbard, D. A. Brown, Virgil Steele, Charlie Sellers, C. L. Meyner and Willard Jones, members.

Visiting in the home of Mr. and Mrs. Ezra Shira last week were Mr. and Mrs. Norris Shira and daughter, Ann, of Starkville, Mississippi, Mr. and Mrs. R. W. Abney of Malaga, New Mexico, Technical Sergeant and Mrs. W. L. Foskey and daughter, Patricia, of Lubbock, and Mr. and Mrs. Bill Shira and son, Charlie, of Hamlin.

Woman's Forum Asks For Funds to Promote State Hospital Care

Complete, year-round medical treatment for patients at the Wichita Falls State Hospital is the goal of the social service department of the woman's Forum of Wichita Falls, which this week announced a one-month fund drive to air condition the institution's Chapel Hall.

The appeal for \$12,000 to make the all-important building usable during the summer months is being made to citizens in the North Texas counties from which the hospital's patient population originates. Jones County is one of those counties. At present the hospital is treating 2,780 North Texans—youth, middle-aged and old men and women.

Allowing themselves not a cent of profit, Wichita Falls air conditioning companies made the \$12,000 estimate on the basis of actual cost of material and labor.

"Summer heat brings recreational therapy almost to a full halt," explained Mrs. Nell Hutcheson, department chairman, in announcing the drive. "Air conditioning the Chapel Hall will not mean just comfort. It will mean that a very vital therapeutic treatment can be continued during the hot months."

Hamlin area women and others are invited to participate in the drive for funds. The department hopes to receive the \$12,000 needed for the air conditioning by May 1, so that it can be installed by June 1 and prevent any halting of the recreational therapy.

Hamlin Area Women Invited to Compete For Sewing Machines

Women of the Hamlin section are this week being invited by the manufacturers of Purasnow flour to enter their big contest in which 160 brand new Necchi sewing machines will be awarded to winners. A free 232-page illustrated sewing book will be given to every woman who enters the contest.

General Mills, Inc. is offering the machines in a special contest, complete details of which will be found in the Purasnow advertisement on page three of today's Herald. Get your entry blanks from your grocer. The Necchi Sewing Machine Center of Sweetwater will have a representative here to demonstrate the machine. See your grocer's ad for the time.

"The most beautiful playing card in the world" is how Gainsborough cards are rated! They are NEW AT THE BOOK SHOP!

Beginning today, monogrammed and tea and luncheon napkins will be \$1.95 per box of 100. We have them in all colors.

Farrington Jewel Cases—the perfect Mother's Day and graduation gifts! Make your selection early to be sure of the right color and style.

Our Mother's Day cards are here and will be on display next week. We have a beautiful selection.

Guest Speakers Talk to B&PW Club On Health and Safety Tuesday Eve

District Highway Traffic Officer Ross Kemp and Mrs. Joe B. Stephens were guest speakers at the Tuesday evening health and safety meeting of the Business and Professional Women's Club at the high school cafeteria.

Officer Kemp spoke on the responsibility of every car driver in the campaign to reduce traffic accidents. He recommended a high school and college course in vehicle operation, with highly trained teachers for the course. A film was shown to emphasize his talk.

Mrs. Stephens spoke on being health conscious in the home, the school and the community, and recommended using all the health measures possible in combating disease.

Walter Chalcraft entertained the group with three vocal numbers. Mrs. James Burkhardt was the accompanist. Mrs. Joe McCrary gave the invocation.

A profusion of spring flowers decorated the tables, and attention was called to the fact that all the flowers were home-grown.

Mr. and Mrs. Levi McCollum of McCaulley and Sergeant Cleta Willis of Fort Sam Houston were guests of club members. Mrs. Austin Poe was introduced as a new club member.

In a brief business session the president appointed a nominating committee for the 1953-54 slate of officers for the club. The following compose the committee: Mrs. John B. Howard Jr., Mrs. Homer Rancey, Mrs. George Malouf, Mrs. J. B. Terrell Sr. and Nettie Bowen.

Attention was called to the fact that the Chamber of Commerce banquet had been scheduled on April 21, business meeting date of the club, and it was voted to have the B&PW meeting the following Tuesday evening, April 28. The health and safety committee sponsoring the Tuesday program were Mrs. A. A. Hackley, Mrs. Florence Cowan, Mrs. L. J. Fletcher, Mrs. W. R. Wilkerson, Mrs. Walter Sanders and Mrs. H. A. Johnston.

North Central Baptist Adult Training Union Meets in Rhoton Home

Members of the North Central Avenue Baptist Church adult Training Union met in the home of Mr. and Mrs. Robert Rhoton last Thursday evening.

The following officers were elected during the business session: Mrs. G. B. Phillips, president; Mrs. Harold Lee, secretary; Mrs. L. E. Warnell, reporter; Mrs. V. Madden, group captain; Mrs. Morris Jean, social chairman; and Mrs. A. G. Anderson, Bible drill leader. Refreshments were served to

FROM GROUND UP.

Hotel Clerk (to prospective guest)—"I'm sorry, but we don't have room service."

Guest—"Oh, that's all right." Clerk—"You'll have to make your own bed."

Guest—"That's all right." Clerk—"You'll find the hammer, saw, lumber and nails in the back room."

the following: Rev. Danny Williams, Mrs. Ruth Williams, Mrs. A. G. Anderson, Mr. and Mrs. Ellis Jones, Mrs. Calvin Dickerson, Mr. and Mrs. D. M. Huchingson, Mr. and Mrs. Dave Putnam, Mr. and Mrs. Henry Plemins, Mrs. Carl Brubaker, Mrs. Grace Owens, Mrs. V. Madden, Mr. and Mrs. G. B. Phillips, Jack Tollert, Mr. and Mrs. Morris Jean.

Power Steering! It's yours in Chevrolet for 1953 and in no other low-priced car!

This wonderful new feature, optional on all models at extra cost, marks the most important advance in driver convenience and safety since the automatic transmission, which Chevrolet also introduced into its field.

Power Steering makes steering virtually effortless on all roads and at all speeds. It permits you to park, even in a tight space, with finger-tip ease. It cuts steering effort approximately 80%; reduces driver fatigue; makes driving simpler, safer and more enjoyable than ever before.

But come in! See and drive Chevrolet for 1953 with Power Steering and all its other exclusive advantages!

Continuation of standard equipment and trim as illustrated is dependent on availability of material.

Highlights and Sidelights FROM Your State CAPITOL

By Verne Sanford, Manager, Texas Press Association.

Austin.—Behind closed doors went senators and representatives trying to agree on the Legislature's big spending bill.

A guard kept out reporters, one of whom recalled, somewhat bitterly, that a House committee had recommended passage of a resolution condemning the federal government for doing business behind closed doors. The Senate had already passed such a resolution.

Senator Otis Lock and Representative Max Smith explained that it is customary for conference committees to meet privately. These men, chairmen of the Senate and House appropriations committees, said the conferees were trying to get together on policy.

Both the Senate and House have passed appropriations bills, but they differ in amount. The Senate bill is about six million dollars higher.

Action on other spending bills was held up until the houses finally passed the big one, which is for general government expense.

That was a ruling of House Speaker Reuben Senterfelt, the case in point being a move to change a teachers' pay raise bill from the appropriations committee to the public lands and buildings committee.

The motion failed but the appropriations committee set a hearing on three bills to hike teachers' salaries. Under Senterfelt's ruling it is proper to hold the hearings, but no action can be taken or any other spending measures until the general appropriations bill is finally passed.

One of the teacher bills would boost all teachers' salaries \$600 a year, another would give them \$240, and the third sets up a sliding scale giving lower bracket teachers \$504 additional and less for the higher paid pedagogues.

Opposition developed quickly to

a tax bill that would raise \$84,000,000 a year in new money.

Earle Cabell, Dallas business man, told the Legislature he feared higher taxes would retard the growth and prosperity of the state.

Favoring the bill were a group of West Texans who insisted that more money is needed for schools, roads and other purposes.

Committee hearings will be held twice weekly for three weeks so that all may express their opinions on this measure.

Representative George S. Berry of Lubbock is author of the tax bill, which levies on manufacture of lumber and lime; mining of coal, lignite, asphaltic limestone, gypsum, salt, sand, gravel, shell, clay, limestone, granite, marble, sandstone, asphalt and Fuller's earth; oil production; beer; gross receipts of chemical manufacturers; refining of gasoline; and imports.

The state health officer has a clean bill of health.

Charges against Dr. George W. Cox were dismissed by the State Board of Health, and the board elected him to serve another two-year term.

Senator J. T. Rutherford of Odessa had charged Dr. Cox with irregularities, but the board, after holding an investigation, found that the state health officer and his associates were innocent of "any misconduct or misappropriations of monies or materials."

Dr. O. B. Keil of Wichita Falls, chairman of the board, said members had "a great deal of faith and confidence in Dr. Cox."

Texas officials expressed gratification when the national House of Representatives passed a bill returning ownership of the tidelands to Texas.

Governor Allan Shivers, Land Commissioner Bascom Giles and Attorney General John Ben Shepherd comprise the Texas school land board, which would administer the vast area.

They all expressed the wish that Congress will give Texas a part of the revenue from all of the continental shelf. The present bill puts Texas' boundary at three leagues out in the Gulf of Mexico.

Congress last year passed legislation returning ownership of the tidelands to the states, but the measure was vetoed by President Truman.

The Texas tidelands are particularly valuable because they are rich in oil.

Senator George Moffett's proposed constitutional amendment to get money for needed state office buildings was passed by the Senate without a dissenting vote.

The funds would come from the surplus in the confederate pension fund.

A property tax of two cents per \$100 valuation now raises about a million and a quarter dollars a year for the pension fund, which now has a surplus of \$4,604,163.

Only two veterans of the Confederate Army are now alive in Texas, but there are 525 widows of confederate veterans. Returns from the property tax are more than enough to pay the pensions.

The House of Representatives has passed a bill which would per-

Buddy of Hamlin War Casualty Visits Here

Visiting in the home of Mr. and Mrs. Elmer Andress at Hamlin Sunday were Mr. and Mrs. E. A. Thompson and little son, Dude. Thompson was a buddy of Dude Thompson of Hamlin, who was killed in World War II during the Army's Salerno Beach invasion of Italy on June 1, 1944.

Young Andress was a tank commander of the 36th Division, which spearheaded the invasion. Thompson was a member of the same company. The Thompson youngster was named after the local war casualty.

mit the state to issue revenue bonds for constructing state buildings and retire the bonds with money the state now spends in rent for office space.

The state now owns land near the capitol where the new office buildings could be located.

The Senate also approved a proposed constitutional amendment that would give four-year terms of office to precinct, county and district officials, except members of the House of Representatives.

In the House there is a similar proposal which includes the representatives in the four-year term of office. Several senators have expressed their opposition to this aspect of the resolution.

Those who favor the change reason that local officials usually serve two terms anyway, and that running for office every two years takes time and costs money.

"Lascivious and misleading" book covers would be barred from the news-stands under the terms of a bill passed by the Senate and sent to the House.

There are teeth in the bill, too. Publishers, jobbers and retailers who handle the books with the sexy covers would be subject to a fine of \$1,000 or a jail sentence of six months or both.

The question of what to do about water is still getting serious study. There are eight bills in the House. They deal with the various aspects of the subject, such as appropriation and use of public water and pollution. One bill, by Representative Joe Kilgore, creates a water-resources committee which would make a four-year survey of the Texas water situation, making reports to the governor and the Legislature every six months.

Short Snorts: The Senate passed 34 local and non-contested bills in an hour without a roll call. The bills had been inspected in advance to make sure that none was controversial. . . . One of the bills would prohibit installation of television sets in automobiles. . . . The legal profession has been lax in its public relations program, but is going to do better, said J. Glenn Turner of Dallas, president of the state bar, in a speech here. . . . He wants a movie showing what it means to live under the law.

NO MIRAGE—The dry Texas Panhandle gurgled and imagined blue water and swaying palm trees when Pat Reid modeled this smart number in a fashion show, held in the officers' dining hall at Webb Air Force Base at Big Spring. Pat is Mrs. Andrew E. Reid, wife of an air force pilot instructor in jets.

Soil-Building Crops Doing Good, Reports Conservation District

Albert Thane, district supervisor of the California Creek Soil Conservation District, who farms in the Paint Creek community, has 10 acres of vetch up to a good stand. He plans to use this vetch for soil improvement and grazing for his Angus cattle.

Thane also reports three acres of sideoats grama, planted in 1952, is coming up to a fair stand after the drought. He plans to seed five acres more to sideoats grama, blackwell switch grass, Indian grass and Caucasian bluestem.

Two members of the Tuxedo community have already planted their King Ranch bluestem grass seed. Roy Williams planted one acre and Ben Ashburn planted two acres. They planted this grass with a drag box with 40-hole cotton plates at the depth of one-quarter inch.

Moisture penetration tests made after the last rains showed the value of cover on rangeland. On range with fair cover the soil was wet 18 inches deep. On bare ground only four inches of soil was wet. A. T. Jordan and Garth McCallum of the Soil Conservation Service made the moisture penetration tests.

Officers for New Lions Club Year Named Tuesday

New officers for Hamlin Lions Club for the fiscal year beginning July 1 were named at the Tuesday luncheon meeting of the civic organization at the oil mill guest house. Results of balloting staged last week were announced by A. Spencer, chairman of the nominating and election committee.

The following officers were elected: C. C. Bailey, president; Travis Hash, first vice president; Onis Crawford, second vice president; W. S. Seals, third vice president; Don Gould, secretary; Edgar Duncan, treasurer; Harry Carmichael, tail twister; W. T. Johnson, Lion tamer; Vernon Townsend and B. O. Bell, directors; Mrs. J. W. McCrary, pianist; Walter Chalcraft, song leader; Willard Jones, assistant song leader.

Installation ceremonies will be conducted some time in June at a ladies' night affair, announces Claude Lancaster, retiring president.

Ray Davis of Stamford, district field executive of the Boy Scouts of America for the Chisholm Trail Council, rushed into the meeting at a late time. Not to be outdone by having missed his dinner, he proceeded to prepare a complete meal right on the speaker's table, using an empty gallon can, an oil-soaked box of gopher matches and a supply of gab.

When he had finished cooking his bacon and eggs and toast, he decided in favor of his dog when faced with the decision of giving the delectable morsel to Walter Chalcraft or his pooch.

Davis sandwiched in some trite bits of information about the Scouting program. Incidentally, the Lions Club is sponsoring Troop 43 of Scouts in Hamlin.

Besides Davis, another guest at the Tuesday luncheon was Weldon Townsend.

Plainview Dairy Show Attracting Interest

With entries expected from a three-state area, and a premium list totaling more than \$3,500, officers and directors of the Panhandle-Plains Dairy Show, to be held April 11 to 17 inclusive, are making plans for the twenty-sixth anniversary. Great crowds are anticipated for the Plainview annual show.

Although the entry list is expected to reach the 370 head of cattle entered in last year's show, competition will be keen, with entries already received from dairymen in Texas, New Mexico and Oklahoma.

Babson Declares He Believes 1953 Still Will See an End to Korean Difficulties

For the last two years I have definitely stated that there would be no World War II so long as Stalin lived. This is a fact for which much evidence exists, declares Roger W. Babson, analyst, in his release this week to The Herald. He further says:

Now that Stalin is dead, I have my fingers crossed. Malenkov does not want war. He will try to follow Stalin's policy of "tiring them out." Stalin hoped he could drain us of men and money until we suffered from a depression. He, however, did not understand the American people, who are in no mood to compromise with Russian imperialism.

On the other hand, England is prepared to compromise with China in order to hold Hong Kong, to avoid a complete embargo and to prevent Russia from getting to the Mediterranean. Hence, Prime Minister Churchill could be a great factor in bringing the Korean war to an end. Therefore, I still believe that 1953 will see a Korean truce unless one of the satellites kicks over the apple cart.

Another factor is that the Russian Army chiefs do not want war. Although they might make a fine showing the first month by overrunning Europe and destroying one or more American cities, they know that Russia would be whipped in the end. They further know this would result in their death or banishment to Siberia.

This, however, is not true of the satellites—Poland, Czechoslovakia and China. Although these nations are now "under the thumb" of Russia with their people cowed by fear of the Russian police, yet 90 per cent are for freedom from Russian control. Their people are very patriotic and their stooge leaders are praying for some way to get free without themselves being shot, hanged or sent to Siberia.

If World War III should come about, Russia would hesitate to arm the people of Poland and Czechoslovakia for fear these satellite armies would join with us and our allies. Whatever the Communist leaders in these countries might wish, 90 per cent of the people would want an allied victory.

Every one of their Communist leaders might like to be another

Tito. Furthermore, the United States and her allies would have no objection to this provided we are assured they will never doublecross us. Probably both Eden and Tito have been discussing this in London. President Eisenhower does not deny any people a Communist economic system of their own choosing, but he will insist on honest dealings and non-interference with other nations.

In short, while we surely want peace, and Russia probably wants peace, the satellite nations surely would like to see Russia and the United States come to blows. So, the big question today is: "Will one of these satellite nations do something to start World War III?" The recent action of the stock market indicates this is a possibility.

All of the above makes me hesitant to make any World War III forecasts at this time. I will, however, guess that Mr. Stalin's death will result in better business for 1953 than most of us at the beginning of the year anticipated. If I were today writing my 1953 forecast I would be more bullish.

Hamlin High School Tennis Players to Go to Sweetwater Tourney

Tennis players from Hamlin High School participated in the district tournament Tuesday at Sweetwater. Taking part were Kevon Rogers, Justin Rowland, Kenneth Kelly, Sammie Cavitt, Louella Brigham and Pat Fleckenstein.

Kevon Rogers and Sammie Cavitt won second place ribbons in the senior boys' and senior girls' singles divisions. Devon defeated the Roby player in a 6-4, 1-6, 6-3 match, and was later defeated by the Colorado City player, 3-6 and 2-6. Sammie beat the Colorado City contender in two sets, 6-1 and 6-2, and was defeated by the Roby entry, 4-6 and 2-6.

Justin Rowland and Kenneth Kelly, senior boys' doubles team, played a hard-fought match with the Roby team, losing by 8-6, 4-6 and 5-7 sets.

Louella Brigham and Pat Fleckenstein, senior girls' double entry, played a long match before losing two out of three sets to the Colorado City team, 6-4, 2-6 and 6-8.

The American flag was first used at Couth's Bridge during the Revolutionary War.

McCAULLEY NEWS

Ruby Perryman, Correspondent

A Stanley party was enjoyed Tuesday afternoon by women of the community in the home of Mrs. Buddy Gibson.

Mr. and Mrs. A. T. Barnes visited Sunday with their daughter, Mrs. Bill Boggs, and family at Stanton.

Visiting in the home of Superintendent and Mrs. T. E. Green over the week-end was Mrs. Green's mother, Mrs. Vernon of Hermleigh.

Home for the Easter holidays to visit homefolks were Patsy Maberry of Albany, Bryan Hennington of Brownwood and Mary Ann McCollum of Corpus Christi.

In the W. R. Perryman home Sunday visitors were Pete Perryman, Mr. and Mrs. G. T. McCasland and Wayne and Gary Neal of Midland.

McCauley High School juniors have been asked to present their play at several different towns.

Mrs. Will Davison visited her daughter, Mrs. Abe Martin, and family at Midland.

Mrs. Frank Allen was hostess for a cosmetic party Tuesday afternoon.

Hamlin Boys in Service Meet in California

Two Hamlin boys in the service of Uncle Sam chanced to meet the other day in Alameda, California, relatives of the pair here are advised. Bobby Goodgame and Billy D. Deel "ran into each other" by accident.

Bobby arrived March 25 from Korea and is the son of Mrs. Opal Goodgame. He will be stationed at Hunter's Point until his discharge in June. Billy will finish officers' training school in May. He is the son of Mr. and Mrs. Bill Deel.

WHAT WOULD YOU RATHER DO OR GO FISHING?—Fishermen have been asking each other this peculiar question for years without ever getting a grammatical answer, largely because sometimes fishing trips end like the one pictured above. Buster Spencer of Dallas, a Remington Arms representative (left), and Max Eggleston of Denison, dean of Lake Texoma anglers, recently brought back this string of black bass, three of them weighing more than six pounds each. They didn't have to talk about the ones that got away—but you may be sure they'll return to the same spot again and again with such encouragement.

CC Committees Meet This Week to Plan Activities for Year

Two committees of the Hamlin Chamber of Commerce were holding conferences this week, according to President C. L. Howard of the civic organization.

Plans for increased trade development for Hamlin were discussed when the trade development committee met Tuesday morning at the CC offices. Donley Williams is chairman of this group.

Further expansion by the membership committee was to be organized Thursday morning by a conference of the membership committee, headed by Wood Cowan. Already about 40 new members for the Chamber of Commerce have been announced by the membership committee as the group has been working on an expanded budget.

Mrs. D. E. Baker of Houston visited last week with her grandparents, Mr. and Mrs. O. L. Jenkins, and other relatives at Hamlin. Mrs. Baker is spending this week at Olney with her parents, Mr. and Mrs. W. A. Norris.

Bill Frederick of Paris, formerly manager of the Massey-Harris agency in Hamlin, spent Thursday evening with Mr. and Mrs. Bob Tegart.

Abruzzi Rye and Vetch Furnish Fine Grazing

Abruzzi rye and hairy vetch cover crop on Mack Clayburn's farm, south of Funston, have furnished a lot of grazing this year, reports the office of the California Creek Soil Conservation District. Clayburn said he put 15 cows and calves on his rye and vetch in October and has grazed it continuously up till the last rain. For about 15 days before the last rain he had 78 cows on 60 acres of his rye and vetch. He took off last week and plans to put back on in about another week. Clayburn said his vetch made his cows give more milk, and his milk-fed calves looked as fat as grain-fed calves.

Delaware has only three counties.

Piperette Volley Ball Teams Win and Lose Games to Merkel Girls

Hamlin High School's Piperette volleyball teams won and lost two series of games against the Merkel girls in the junior high school gymnasium Tuesday night. The A team, composed of Ella Mae Turner, Vivian Beck, Shasta Payne, Pat Stuart, Melba Ueckert and Kay Holder, lost two out of three games by scores of 11 to 15, 15 to 7, and 5 to 15. Pat Stuart was high pointer with eight.

The B team players, Helen Johnston, Bunny Glenn, Clarice Brown, Carolyn Decker, Ava Beatty and Zola Nagle, win the first two tilts by 15 to 10 and 15 to 5. Carolyn Decker was high pointer for the winners with 10, followed by her teammate, Helen Johnston.

Baptists of Area to Attend State SS Meet

Several Baptists from the Hamlin area, including representatives from the First Baptist Church and Central Avenue Baptist Church, are expected to be among an estimated 6,000 Texas Baptists representing 3,400 churches that will gather in Dallas April 13 to 15 for the twenty-fifth annual Sunday School convention of the Baptist General Convention of Texas. Headquarters will be the Gaston Avenue Baptist Church in Dallas.

A record number of conferences, 28, will give workers with various age groups an opportunity to discuss mutual problems, goals and activities and hear the advice of experts in their fields.

NOTICE

This is a reminder that the restrictions placed on the usage of city water, May 15, 1952, for irrigation of all types, car washing and use of evaporative coolers without re-circulating pumps, is still in force and effect and will be enforced.

The present facilities for city water shipping will not permit any excess usage of water, therefore it is necessary that each citizen cooperate until the water shortage is relieved.

CITY OF HAMLIN

Cotton Classing Again Available for Cotton Growers

Operation of the annual Smith-Doxey cotton classing program is ready for Jones County cotton farmers, H. J. Matejowsky, in charge of the Abilene cotton classing office, announced this week.

Sponsored by the U. S. Department of Agriculture's Production and Marketing Administration cotton branch, the Smith-Doxey program enables cooperating cotton improvement groups to get their cotton classed without cost. They can also get free market price quotations from which they can gauge local cotton values.

Application forms for the 1953 program can be obtained from the county agent, the Abilene cotton classing office or local ginners. One application by the group leader covers all members.

Last year, 1,708 farmers in the county took advantage of these services, Matejowsky said.

ELZY BENNETT (above) who has been Jones County tax assessor-collector for more than five years, has resigned to accept the place of assistant cashier of the First National Bank at Anson. He was employed by the bank from 1938 until 1942.

Milton Allen Reports For Training in Kansas

Lieutenant Milton O. Allen, son of Mr. and Mrs. Fred Allen of Hamlin, and husband of Mrs. Hazel B. Allen, presently living at 3745 Riviera Drive, San Diego, California, has reported for duty at the Naval Air Station at Hutchinson, Kansas, home of the Navy's "Privateer" training squadron.

Lieutenant Allen enters the Navy in 1940. Prior to his transfer to Hutchinson, he was stationed at the Naval Air Station, San Diego. He has been assigned to Advanced Training Unit 600 at Hutchinson.

County Officials Attend Meeting of Hamlin Rotarians

County Judge Roger Q. Garrett of Jones County painted an optimistic picture of the economic condition of the county when he spoke as one of the county officials attending the Wednesday noon luncheon of Hamlin Rotary Club at the oil mill guest house.

"Your county's business is a big business," declared Garrett, as he pointed to the handling of about a quarter of a million dollars each year by the Commissioners Court. With valuations now of around \$27,000,000 Garrett said the county was in good financial condition, being entirely free of debt except some county road bonds which were assumed several years ago by the State Highway Department. Jones County has had the same tax rate for 20 years, the judge declared.

Garrett discussed the functions of the county government, saying that the three major functions are keep of public records, providing peace officers and court facilities, and providing roads for the area.

The county already has about 90 miles of farm-to-market roads, and two new projects are planned for 1953. They are roads from Boyd's Chapel to Merkel, which would complete the route south from Hamlin to Merkel; and a new section from Tuxedo north to Sagerton.

Besides Garrett, other county officials present were: Charles Brownfield, county attorney; Everett Beaver, county school superintendent; Gene Spurgin, county clerk; Bill Tippen of Abilene, district attorney; and Leon Thurman, district clerk.

Others guests, in addition to the county officials, attending the Wednesday luncheon were Homer Scallorn and Randy Randerson of Abilene; K. K. Francis of Stamford; C. S. Perkins, Jack Lewis and Timothy Guthrie of Sweetwater; Larry Eickles Jr. of Rotan; Jim Kelly of Amarillo; Don Stephens of DeLeon; ... H. Pickron Jr. and Ned Moore.

HEALTHIEST 'PATIENTS' DRAFTED—The sign, "Reserved for Patients," noted in front of Selective Service Board 99 at Perryton, has occasioned considerable comment from draftees in Ochiltree, Hansford, Lipscomb and Hemphill Counties. Who's sick? Perhaps some found unit for military duty—or now and then some reluctant potential hero.

BRING ON THE SCALES.
A Texas GI was playing poker with some English soldiers. He drew four aces.

"One pound," ventured the Englishman on his right.

"Ah don't know how you'll count your money," said the Texan, "but Ah'll raise you a ton."

LAW INTERPRETATION.
A Western sheriff confiscated a bunch of slot machines on the basis of a law banning the use of steel traps for catching dumb animals.

English mail boxes are called pillar posts.

Area Farmers Add Terraces to Farms

A. H. Lundgren and N. M. Hansen have built terraces on their farms east of Stamford, reports the office of the California Creek Soil Conservation District. Lundgren completed a mile of terraces on his place. Hansen will build more terraces on his farm this summer after wheat is off.

Terrace lines were laid out on the farm of Ernest L. Jenkins, east of Hamlin, recently. Garth McCallum and Bill Stem of the Soil Conservation Service at Stamford helped Jenkins run lines for his terraces.

R. W. Green had contour lines run recently on his place, east of Hamlin. He will farm on the contour to help save water and soil.

TEXAS PRINCESS—Pretty Betty Ann Kilday of San Antonio, daughter of Congressman and Mrs. Paul J. Kilday, has received the title "Texas Princess" for participation in this spring's Cherry Blossom Festival in Washington April 8-12.

PLAYING IT SAFE.
Conductor—"Do you want the porter to call you?"
Passenger—"No, thanks; I awaken every morning at 7:00."
Conductor—"Then, would you mind calling the porter?"

Response to Call for Eggs for Orphans Here

Already some response from Hamlin area people to the egg shower for Buckner Orphans Home has been recorded, reports Mrs. W. L. Boyd, local chairman of the drive.

The egg shower is an annual drive to provide eggs for use by the big Baptist orphans' home at Dallas by its friends.

Mrs. Boyd asks donors to take eggs to Simpson's Food Store on North Central Avenue, where they will be processed for shipment to the home.

SAFEWAY'S where you'll BETTER YOUR MILK BUY!

Yes, at Safeway you will find LUCERNE MILK—a better milk and a better buy. Always richer than Texas law requires, and with 400 added units of vitamin D—Lucerne costs no more than ordinary milks. This means Lucerne costs less, for example, than home-delivered milk. So better your milk buy...

SAFEWAY

AROUND THE COUNTY

By Jimmie Lou Wainwright,
County Demonstration Agent
I spent Monday in Haskell with other home demonstration agents of District III to plan our district girls 4-H Club camp. The camp will be held at Buffalo Gap at the Presbyterian encampment ground on May 27, 28, 29 and 30. Four girls and an adult leader will attend from each of the 12 counties in the district. These counties will be Jones, Childress, Hardeman, Fisher, Knox, Wilbarger, Haskell, Wichita, Archer, Young, Stephens and Howard.

Activities planned are recreation, crafts, rifle shooting, swimming and meal service. Mrs. Eloise T. Johnson, family life specialist from the Extension Service at College Station, will have a program for the girls on family life or personality development.

This recipe was sent in a release from College Station. It certainly sounds good:

Frozen Cheese Dream
2 cups cottage cheese
2 tablespoons lemon juice
1 cup sugar
2 cups sour cream

Press cottage cheese through sieve. Add lemon juice and sugar; beat until smooth and blended. Stir in sour cream and mix well. Pour into refrigerator tray. When mixture is frozen around edges, turn into chilled bowl and beat with rotary beater until smooth but not melted. Return to tray and freeze until firm. Cut into six pie-shaped wedges. Serve with fruit.

Cottage cheese is on the plentiful food list for April, and is nutritious. It is an important source of protein and calcium.

Frozen cheese dream may be used as a dessert or a salad. As a dessert, serve it with fruit, such as strawberries; as a salad, serve with lettuce and salad dressing.

Frozen cheese dream is an appetizer.

title tantalizer for these warm spring days. It is especially nice as a party refreshment. But those of us who watch calories may need to just eat our cottage cheese plain and leave the frozen cheese dream to others!

Tuesday Mrs. Cliff Garrett, Mr. and Mrs. Redford Felts, Mr. and Mrs. J. A. Cox, Mrs. T. G. McDuff, Mr. and Mrs. Jimmy Youngquist, Mrs. L. S. Latimer, Cloyce Patton, James Ray Cox, George Cox, Jeanette McDuff, Anita Felts, W. H. Lehmberg and myself decorated a 4-H float to enter in the parade at the Lueders April 1 Play Day.

On April 1 the float won first place. The theme of the float was "4-H Teaches." The body of the float was made of cartoons drawn on white four-leaf clovers. These cartoons pictured the activities of both the boys' and girls' 4-H Club work. Some of these were bedroom improvement, swine production, sheep production, food preparation, clothing, recreation, poultry, achievement, gardening, insect control and crop production. The skirt of the float was made on a frame of wire with white background, and "Lueders 4-H" printed in green. We were all very proud of the float.

Livestock Premiums Posted for State Fair

Livestock premiums at the 1953 State Fair of Texas, October 10 through 25, will total \$79,336 for 27 breeds of cattle, horses, sheep, swine and goats plus the Junior Livestock Show, Fair President R. L. Thornton has announced.

Premiums for the first annual Pan-American Livestock Exposition to be inaugurated during the fair will total \$63,535, and \$15,801 will be awarded in the Junior Livestock Show of the Dallas exposition.

Texas has inducted nearly 55,000 men since fighting in Korea began, and has examined nearly 132,000 men during the same period.

No Draft Quotas Set for Area Board Man Call for April

No local draft quotas have as yet been set by the three-county board at Anson, serving Haskell, Jones and Shackelford Counties, for the month of April, according to Mrs. Bill Dunwoody, clerk. State draft quota for April, calling for induction of 2,876 men, was announced last week by state selective service headquarters at Austin. This number is 113 less than the March quota.

Brigadier General Paul L. Wakefield, state selective service director, said that more than 5,700 men would be examined in April, compared with a March examination call of 6,800.

Local board quotas for the April induction call will be figured and placed in the mail this week, the state draft director said. Board quotas for the April examination were mailed Tuesday.

General Wakefield said that local boards will be authorized to induct men in April down to the age of 19 years and six months, as compared to 19 years and nine months in March.

Local boards will be advised to fill April calls to greatest extent possible with men 20 years old or older. At present, the state draft director said, most of the examined and acceptable men are in the 20-year-old group. Following is a breakdown of examined and acceptable group by ages as of February 1: Twenty-one and older, 1,541; 20 years old, 6,167; 19 years old, 1,951.

General Wakefield pointed out that the number of 19-year-olds in the examined and acceptable group is increasing. The following shows how the number has grown: December 1, 43 men; January, 536 men; February 1, 1,951 men.

The state draft director stressed in a statement that present inductees for the armed forces are replacements for drafted men who are now getting out after two years of service.

Texas has inducted nearly 55,000 men since fighting in Korea began, and has examined nearly 132,000 men during the same period.

COURTHOUSE NEWS

OIL & GAS LEASES, WARRANTY DEEDS, ETC.

Records of legal transactions in the county clerk's office at Anson of interest to Hamlin area people, as supplied by the clerk's office to The Herald, have included:

Camp Fire Girl Leaders To Talk Camp Plans

Hamlin Camp Fire Girls Leaders Association will stage its regular monthly business session next Tuesday morning at 10:30 at the Camp Fire hut in West Hamlin, members of the group are advised by R. L. McClung, chairman of the Hamlin district.

Elmore Smith of Stamford, district field executive of the Camp Fire Girls, will attend the meeting. Definite plans for the annual Camp Wetexa will be outlined for the leaders.

Special Act Will Permit King to Sue State For Injury

B. B. King of Hamlin was last Thursday granted special permission to sue the State of Texas in behalf of his son, Donald Ray King, who sustained a broken leg August 30, 1951, as a result of an accident involving a state-owned motor vehicle.

The measure, sponsored in the House recently by Representative David Ratliff of Stamford, passed the Senate Thursday under sponsorship of Senator Harley Sadler of Abilene.

The resolution recounted that young King was under the family car, parked off the highway between Hamlin and Anson, working on the car, when a wheel came off a Texas Highway Department truck passing by and hit the son's leg.

Amount of damages King will seek from the state was not named in the resolution.

Best Moisture for Grass Planting in Area For Several Years

Farmers and ranchers in the California Creek Soil Conservation District have the best moisture condition in several years for grass planting, Albert Thane, secretary of the board of supervisors, announced this week. Those who plan to plant grass are urged to get their seed in the ground in April.

The district has two grass seed drills and seven two-row grass planters available for planting grass. Vocational agriculture instructors at Haskell, Anson, Hamlin and Paint Creek have charge of district equipment for grass planting. Also two-row grass planters are located at Albert Thane's farm, three and one-half miles east of Stamford, and Bruno Kuppert's farm, south of Sager-ton. There is a rental fee of 50 cents an acre on the grass drills and 25 cents an acre on the two-row planters, Thane said.

James C. Jennings Completes Basic Tilt

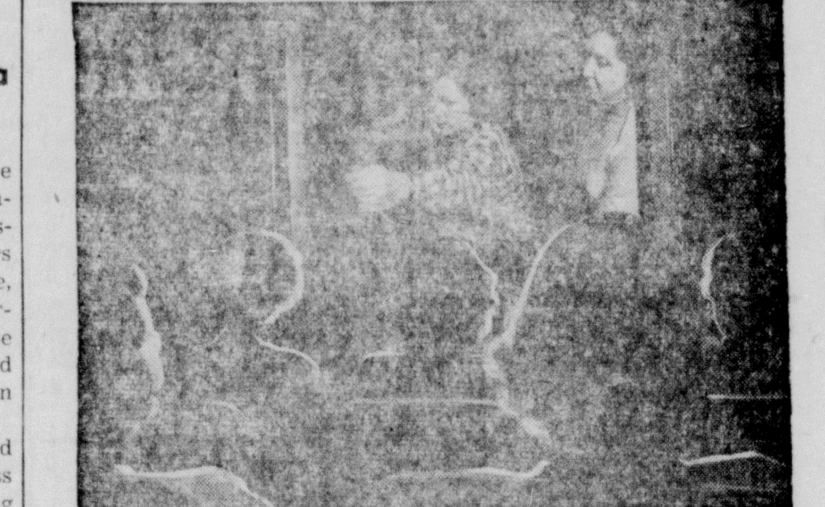

James C. Jennings, son of Mrs. Gerald Minton of Texhoma, Oklahoma, former residents of Hamlin, is completing his Air Force basic airmen indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest air force base, site of air force basic training for men and women, headquarters of the human resource research center, and home of AF's officer candidate school.

His basic training is preparing him for entrance into Air Force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

Iceland is ruled by the King of Denmark.

How to Win Friends by Telephone

THIS IS ONE OF MANY WAYS you can learn to make better use of your telephone service. We have several motion pictures on the art of winning friends by telephone for showing without charge to interested groups. We also have a library of free booklets on the subject and we have commissioned Emily Post to write a series of advertisements on good telephone usage which you may have seen. We consider these activities part of our responsibility to you as good neighbors and good citizens of the communities we serve.
